Art Unit: 2602

The reissue oath or declaration filed with this application is defective because it fails to distinctly specify the excesses and/or insufficiencies in the claims. See 37 CFR 1.175a(3).

The requirement to "distinctly specify" is quite strict. Every change or departure from the original patent must be specifically addressed. In the present case, applicant must identify, claim-element by claim-element, every departure of the new claims from the old. In that manner, the change in scope of the claims may be ascertained on the record.

Counsel is encouraged to telephone the examiner if clarification in this regard is needed.

Claims 1-10 are accordingly rejected under 35 USC 251 as based on the defective reissue oath.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Mark R. Powell whose telephone number is (703) 305-4376.

Any inquiry of a general nature or relating to the status of this application should be directed to the Group receptionist whose telephone number is (703) 305-4700.
